For prevention whereof it was (in and by an Act of Parliament made in the Ninth Year of the Reign of her late Majesty Queen Anne, Intituled, An Act for Establishing a General-Post-Office for all Her Majesty's Dominions, and for settling a Weekly Sum out of the Revenues thereof for the Service of the War, and other Her Majesty's Occasions) Enacted that all Letters and Packets that by any Master of any Ship or Vessel, or any of his Company, or any Passengers therein, shall or may be brought to any Port Town, or which shall arrive or touch at any Port belonging to any Port Town within any Her Majesty's Dominions, or any the Members thereof, or which shall be on Board any Ship or Vessel that shall or do touch or stay at any such Port Town (either than such Letters as are in and by the said Act excepted) shall by such Master, Passenger, or other Person or Persons be forthwith delivered unto the Deputy or Deputies only of such Post-Master General for the time being by him appointed for such Place or Port Town, and to be by such Deputy or Deputies sent Post unto the said General-Post-Office to be delivered according to the several and respective Directions of the same, upon pain of Forfeiting the Sum of 5 l. of British Money for every several Offence against the Tenor of the said Act, to be recovered as in the said Act mentioned together with full Costs of Suit. And for the Encouragement of all such Masters of Ships or Vessels, or such other Persons, on their Arrival at such Ports as aforesaid, from any Parts beyond the Seas, to deliver unto the Deputy or Deputies of such Post-Master General for such Place or Port Town at which they shall so touch or arrive, all such Letters and Packets as they shall respectively have on Board such Vessel or Vessels, every such Master or other Person for every Letter or Packet of Letters He or They shall so deliver unto such Deputy or Deputies, shall receive the Sum of one Penny of such Deputy or Deputies, He or They signing a Certificate of the Number of Letters deli-

vered, and by what Vessel they came, and of the Time when He or they delivered the same to such Deputy or Deputies, and giving a Receipt for such Number of Pence as He or They shall receive of such Deputy or Deputies; which Certificate and Receipt shall be by such Deputy by the next Post returned to the said Post-Master-General, together with the Letters so delivered, who shall have Credit on his Account for so much Money as any such Deputy shall pay on that Account. Philadelphia, Novem. 1, 1722.

These are to give Notice, That from henceforward the Clause before mentioned will be put in Execution against such Masters of Vessels and Passengers, as shall not deliver their Letters and Packets to the Post-Masters in the several Ports; who have Orders to pay the Bringer a Penny Sterling for every Letter or Packet delivered to them, or what shall be equal thereunto in the Currency of the several Governments where such Letters are delivered, according to the Course of Exchange.

And whereas many Letters and Packets are brought by Passengers travelling the Post-Roads, and by Masters of Coasting Vessels in North-America, and by them delivered to the Persons they are directed, to the manifest Prejudice of His Majesty's Revenue, and contrary to the before-mentioned Act, which inflicts also a Penalty of Five Pounds Sterling for every Letter or Packet carried and delivered as aforesaid,

GENERAL - POST - OFFICE.

September 6, 1768.

HIS Majesty's Postmaster General having been pleased to establish a sufficient Number of Packet Boats to sail between Falmouth and New York, Charles Town, and the West India Islands, to support a regular Monthly Correspondence to and from these Kingdoms, and all Parts of his Majesty's extensive Dominions in America.

PUBLIC NOTICE is hereby given, That the several Mails for America, upon this new Arrangement, are to be made up at this Office on Wednesday the 5th of October next, and will continue to be dispatched from hence in the same Manner upon the first Wednesday in every Month.

The Mail from New York will contain the Letters for all the Provinces on the Continent of America, from Virginia Northwards. That for Charles Town will include the Letters for North and South Carolina, Georgia, and East and West Florida, except for Pensacola, the Letters for which Place will be forwarded from Jamaica by every Opportunity. And the Mail for the West Indies will contain the Letters for Barbadoes, all the Leeward Islands, and Jamaica, from whence the Packet Boats are, instead of proceeding to Pensacola, to return immediately to Falmouth.

Upon the Arrival of these several Mails from hence at Falmouth, the Packet Boats are to proceed with them to Sea immediately, Wind and Weather permitting; but if they should be unavoidably detained one or more Days, such Letters as come hither, or may be put into this Office, will be sent every Tuesday, Thursday, and Saturday for Falmouth, for the Choice of the Packets under Sailing Orders, and if sailed, they will be forwarded by the next Boat in Turn.

Great Inconveniences having arisen to the Public by returning Letters for the Postage; Their Lordships for the Accommodation of Correspondence, leave it now to the Option of the Writer to pay or not beforehand to any Part of his Majesty's Dominions either in Europe or America, except to Gibraltar or Port Malton.

All Persons however are particularly to take Notice, that Letters and Packets from any Part of Great Britain, Ireland, or America, for all Places beyond the Seas not in his Majesty's Dominions, are to pay at the Office they are put in, the full Post in London, besides the Foreign Rates they may be chargeable with, to prevent the Necessity of their being opened and returned for the Postage.

By Command of the Postmaster General,

ANTH. TODD, Secretary.

A Table of the Rates of Postage, and a List of the Places to which there is an Every-Day Post, will be given to any Person who may apply for them to the Chamber-Keeper here.

General Post-Office, November 18, 1783.

A SUFFICIENT Number of Packet Boats of about 200 Tons and 30 Hands are established between Falmouth and New-York to support a monthly Correspondence, and the Mails will continue to be dispatched as at present from London and from New-York upon the First Wednesday in every Month.

All Persons are however to take Notice, that instead of its being any longer left to the Option of the Writer to pay or not the Postage beforehand, there is now a Necessity for the Postage on all Letters from any Part of Great-Britain or Ireland for North America to be paid up in London, without which they must be opened and returned to the Writers, but the Packet Postage of one Shilling for a single Letter and so in Proportion between London and New-York, may or not be paid at each Place before-hand.

And all Persons upon the Continent of Europe and of North America corresponding with each other by these Packet Boats are to take particular Notice, that they are to put their Letters under Cover to their Friends in London.

Likewise, all Persons in Great-Britain or Ireland desirous of sending any Letters for the United States of America by the French Packet Boats, are to cause them to be put under Cover to some Correspondent at Paris.

By Command of the Postmaster-General,
Anthony Todd, Sec.

1783-11-15 London Gazette

General Post-Office, May 22, 1784.

NOTICE was given, by an Advertisement from this Office of the 18th of November last, that the Packet Postage of One Shilling for a Single Letter, and so in Proportion, between London and New York, might or not be paid beforehand; but Difficulties having arisen in the Collection of the Packet Postage in North America, it now becomes necessary to inform the Public, that both the Inland and Packet Postage on all Letters from any Part of Great Britain or Ireland for North America, which are forwarded from this Office on the First Wednesday in every Month, must absolutely be paid quite to New York, and also to Halifax, without which they must be opened, and returned to the Writers.

By Command of the Postmaster-General.

Anthony Todd, Sec.

Day of the Packets capture

Week Days.	Month Days.	Winds.	Course.	Dist. in Miles.	Latitude in	Longitude in	Long. per Lunar Obser.	Bearing and Distances at Noon.	R E M A R K S.
<i>June 1796</i>									
<i>Friday</i>	<i>10.</i>	<i>SW</i>			<i>43. 12</i>	<i>64. 21</i>		<i>Cape Sambre NNE 30 Leagues</i>	<p><i>of us. That an Army was at hand. I no longer doubted, and instantly, took measures accordingly, by altering the Ships Course, and carrying a party of Sail, unhappily for me, there was too near a junction formed, before it was possible to discover our hazardous situation by means of the Dubauts of the Sky, and impenetrable Fog. The Army, now fixed, and stood directly for us, and at Nine o'clock I was convinced me, that she was within Gun Shot, by firing of several Guns; and the Fog preventing the Ships Sides, the means of escape, was no longer practicable; and the necessity of surrendering to a superior Force, (painful as it was) became unavoidable. The Mail, Despatches, and every confidential paper (has been destroyed) committed to my charge. The Corvette which I brought to, is called the Eagle, mounting 16 Guns and from Lisbon, to one Ananias Mout, and commanded by Captain D. Baver</i></p>
