SLOGAN POSTMARKS OF THE UK 2013-2018

INTRODUCTION

I have produced annual supplements to *Slogan Postmarks 2000 to 2012* which have been available to download from the BPS website; a lot of amendments have taken place to the earlier listings and I felt it was time to collate all the changes into one edition.

When I was finishing *Slogan Postmarks 2000 to 2012* it appeared that the number of slogans was diminishing and there would be fewer and fewer to report. However that has changed, not only with slogans from Royal Mail with the use in iLSMs from April 2014 adding further variety, but also from Guernsey, Jersey and Isle of Man where new machinery has been accompanied by a large number of slogans.

Royal Mail used to make an attempt to announce some of the new slogans although there is often a difference in design and dates of use between what was publicised and what actually appeared on the mail. Announcements tended to be made early in the morning of the day the slogan should have been landing through your letterbox. However, recently there has been virtually no publicity about the use of slogans. Late uses of slogans have continued to be listed but some are almost definitely Exceptional uses, the decrease in the amount of mail available for inspection has made identifying those uses much harder. I would be grateful to receive photocopies or scans of any date extensions that are found. As mentioned before, some 2nd class mail is processed the day after posting **but** is dated with the day the item was posted which means some slogan usages can appear to overlap. I have not differentiated between dates for 1st and 2nd class mail in this listing.

With the other three post offices there is little or no publicity and, surprisingly, organisations promoted by the slogans appear to have failed to announce anything. Evidently Jersey Post Office keeps no records of slogans used so Malcolm Newton's contributions have been invaluable. I am very grateful to Guernsey Post Office for permission to use the scans of their slogans. The Isle of Man Post Office have been so helpful providing information about their slogans and, again, giving permission to use the images. Mac Jarand and the IOM Postal History Society have been really helpful in reporting what was actually used.

In June 2014 Royal Mail stopped the use of IMP slogans which are only sent to one postcode area (e.g. the Doctor Who slogans 5607I-5617I). An exception is slogans specifically for Northern Ireland which is all covered by the BT postcode and some IMP slogans are still used only on mail addressed to English, Scottish or Welsh postcodes. Because iLSMs cannot change postmarks depending on the destination, they tend not to be used with slogans for a particular region. For example, the St Andrew's Day slogan (5711) was used in IMPs on mail addressed to Scotland but was not used in iLSMs, not even the Scottish ones. The slogans used in iLSMs often come in two sizes with 9 or 11 line wavy lines depending on the depth of the envelope. I have used the slogan with 9 lines for the

illustrations. The illustrations in this supplement are full size unless otherwise stated.

The dates appearing with slogans used in iLSMs can be confusing. First class mail should be processed and datestamped on the day of posting. Second class mail is processed later but again shows the date of posting. If an item of second class mail is processed at e.g. 2am on a Wednesday it will show that time code *but* Tuesday's date. Examples can be found of the Comet Landing slogan (5710) which appear to have been postmarked before the landing actually took place.

2018 was notable for errors in the slogans produced by Royal Mail. Some were fairly minor such as a missing apostrophe (5917iL) or a spelling error (5921I). With others it is extraordinary how they escaped even cursory inspection (5913iL). The most embarrassing however was 5932I announcing the winner of the Wainwright Prize for Travel and Nature Writing. As for many book awards recently, RM had a slogan prepared waiting for the announcement. The winner, announced on 2 August, was Adam Nicolson for his book *The Seabird's Cry*. That evening the slogan was issued announcing the winner as Henry Perry! Henry Perry was in fact the Postmark Programme Manager at RM and his name was presumably entered in a draft which was then downloaded before Adam Nicolson's name had been inserted. This shambles seemed to have led to a pause in the issuing of slogans for a couple of months.

This listing would not have been possible without the mass of information about dates and offices provided by Patrick Awcock for which I am very grateful; also Ian Billings with his Norvic Philatelics blog has been most helpful. Other reports have been passed on by BPS members and non-members which have been invaluable - thank you all!

Celebrating 50 years of Doctor Who

26 March to 2 April

Used on mail processed in IMPs and addressed to the actor's home
town.

The slogans coincided with the issue of Royal Mail's set of Doctor
Who stamps on 26 March.

Because of the way these slogans were used, it is not known which
IMP offices used them; the dates of use included the Easter
weekend where little or no mail would have been processed.

The illustrations are based on the specimens produced by Royal
Mail; the only Doctor Who slogans reported are two copies of
Type 3747 which do seem to be identical to the specimen.

Football Heroes Stamps

9 to 15 May

Used on mail processed in IMPs and addressed to the footballer's home town – or, in the case of John Barnes who was born in Jamaica, his first UK club. The slogans appear not to have been used in the Gatwick IMPs.

The slogans coincided with the issue of Royal Mail's set of Football Heroes stamps.

Only about half the images have been seen on live mail so the others are reconstructions from the specimen images produced by Royal Mail.

Finalist in Royal Mail's Christmas Stamp Design
Competition

Used in IMPs at all offices; 5651I and 5652I were used on mail to addresses in Wales.

Each slogan was used for one day, or two days for those starting on a Friday. As usual, slogans were not changed over at midnight so use at some time on the following day is not unusual.

The competition was open to children aged 4 to 11 and the theme was 'What does the Christmas season mean to you?' Two finalists from each of twelve regions were chosen and the two winning designs were issued on 5 November – see 5653I and 5654I.

Happy St Patrick's Day 2014

3793

2014

5673I	14 and 15 March Used in IMPs on mail sent to addresses in Northern Ireland (see 5672I). In 2014 St Patrick's Day (17 th March) was a Monday.		Used, presumably, in the same IMPs as 5680I on mail addressed to Wales. It was 40 years since the allocation of postcodes to every town in Britain was completed.
5674I	<u>Mother's Day 30th March</u> 3794 24 to 29 March Used in IMPs at about 21 offices Also see 5675-7I which were in use during this period.		<u>Homecoming Scotland</u> (1 st use) 3802 5682iL 14 Apr to 2 May Used in iLSMs at the Scottish offices, Aberdeen, Edinburgh, Glasgow; announced as ending on 30 April. Homecoming Scotland was a year-long programme of events celebrating Scotland. This was the first use of slogans in iLSMs since the Jubilee Mail Centre trials in 2009-10.
5675I	<u>Remarkable Lives Dylan Thomas</u> (Welsh) 3795 24 to 29 March Used in IMPs on mail addressed to Wales. Dylan Thomas was born in Swansea. His best known work is the radio drama Under Milk Wood and his poetry includes Do Not Go Gentle into That Good Night. This was the first of a series of slogans connected with the March 2014 Remarkable Lives stamp issue which commemorated ten people born in 1914. Initially the slogans were used in IMPs on mail addressed to particular postcode areas or regions connected with the person concerned and were, apart from Dylan Thomas whose birthday was in October, used at the time of the centenary of their birth. Later slogans in the series were used nationally and also in iLSMs. See also 5676-9, 5687, 5689, 5696, 5698, 5702 and 5706.		5683I <u>Saint George's Day</u> 3803 22 April Used in most IMPs on mail addressed to English postcodes; not used at Belfast, Carlisle or Manchester. The specimen shown in Royal Mail publicity for this slogan had 'St' instead of 'Saint' in the design.
5676I	<u>Remarkable Lives Roy Plomley</u> 3796 24 to 29 March Used in IMPs on mail addressed to the KT (Kingston-upon-Thames) postcode area. In 1942, Roy Plomley created Desert Island Discs which is the UK's longest running radio entertainment show.		5684I <u>Giro d'Italia</u> 3804 2 to 10 May The official announcement said the slogan would be used on all locally stamped mail due for delivery in the week but it was also used in mainland Mail Centres' IMPs on mail addressed to Northern Ireland. Giro d'Italia is a cycle race, it started in Belfast on 9 May and the route passed through Northern Ireland and onto Dublin on 11 May before continuing in Italy.
5677I	<u>Remarkable Lives Noorunissa Inayat Khan</u> 3797 24 to 29 March E Used in IMPs on mail addressed to London WC1 postcodes. Noorunissa Inayat Khan was born in Moscow. She worked as a wireless officer for the British Special Operations Executive in Paris during 1943 but was betrayed and arrested. She was executed at Dachau in September 1944. She was posthumously awarded the French Croix de Guerre and was one of only three women to receive the British George Cross during the Second World War.		Congratulations to Royal Mail Group employees for raising £2 million for Prostate Cancer UK Type 3805 Well done to Royal Mail Group employees for raising £2 million for Prostate Cancer UK Type 3805A
5678I	<u>Remarkable Lives Dylan Thomas</u> (English) 3798 31 March to 5 April D Used in IMPs on mail addressed to Wales. See 5675I above		5685I <u>Congratulations Royal Mail employees</u> 3805 12 and 13 May seen Only reported from Birmingham, Gatwick, Greenford, Leeds and Preston; one IMP each.
5679I	<u>Remarkable Lives Sir Alec Guinness</u> 3799 1 to 7 Apr Used in IMPs on mail addressed to London W9 postcodes. Sir Alec Guinness first acted on screen in 1946 in Great Expectations. He won an Oscar in 1957 and then an Academy Honorary Award in 1979.		5686I <u>Well done Royal Mail employees</u> 3805A 13 to 27 May Used in IMPs in 19 offices; not used at Carlisle or Manchester. Interrupted for individual items, see 5687I and 5689I below.
5680I	<u>40 years of the Postcode</u> 3800 7 to 12 April Used in IMPs at about 20 offices, not used at Carlisle. For use in iLSMs, see 5688iL.		5687I <u>Remarkable Lives Max Perutz</u> 3806 16 to 22 May Used in IMPs on mail addressed to CB (Cambridge area) postcodes. Max Perutz devoted most of his working life to the study of haemoglobin. For demonstrating how X-ray crystallography could be used to determine protein structure, he shared the 1962 Nobel Prize for Chemistry.

5688iL 19 to 24 May

Used in iLSMs at Norwich (19 to 23 May) and Peterborough (to 24 May) in two sizes; other offices continued with the Prostate Cancer UK slogan (5670iL). These two offices were used as Norwich pioneered the use of postcodes in the UK and second class Norwich mail is cancelled at Peterborough. No Saturday mail is cancelled at Norwich. There was no Welsh version of the slogan used in the iLSMs.

Also see 5680I.

Remarkable Lives Barbara Ward

3807

5689I 22 to 28 May

Used in IMPs on mail addressed to YO31 postcodes. Barbara Ward was an economist who helped to inspire the European Union and was a pioneer of global environmental issues.

200th anniversary of Lord's Cricket Ground 3808

5690I 16 to 23 June

Used in IMPs in about 18 offices; not used at Belfast, Carlisle or Manchester.

Originally announced as being used on mail addressed to London NW8 but was used nationally. There was no iLSM version of this slogan.

It appears that Royal Mail finally realised that postmarks being used only on mail to one postcode area were being seen by very few people and a decision was made at the last minute to extend this slogan to national use.

The slogan was originally announced as being used in IMPs on mail addressed to SL9 postcodes from 19 Sep for a week. With the change to using the slogans nationally this clashed with the Ryder Cup slogan (5701). In fact the slogan was only used in iLSMs and Prostate UK (5670I) was used in IMPs for the two days instead.  This is the latest in a series of slogans publicising causes or charities supported by Royal Mail and voted for by their staff (see 5705I/iL etc).
 It is a 'filler' slogan used when no other national campaign is running. The initial use was from 31 July to 2 August in IMPs and 28 July to 14 August in iLSMs.

For a short time between late July and the middle of August, Exeter and Swindon iLSMs used thicker wavy lines. The 9 thin lines were replaced with 10 thicker ones, the 11 line version had the number of lines unchanged. Slogans seen with this are 5861iL and 5862iL.
 The slogan was replaced by 5911I/iL

MISCELLANEOUS SLOGANS

Amendments/additions to lists shown in *Collecting Slogan Postmarks* and other volumes in the *Slogan Postmarks of the UK* series:

M30 Also used at Paisley on incorrectly dated meter mail, September 1992 seen.
 Seen used at Leeds (North & West Yorkshire) in black ink Feb 2015

Add

M32t Used at Shrewsbury (Shropshire & Mid-Wales) 22 June 1988 transposed

M65R Used March 2017; in Autumn 2013 it was again used on 'Received out of course' C9 mail

M78 Continued until at least May 2016 at Manchester

M78R Used 19 Dec 2015 incorrectly on stamped mail at Preston (Lancashire South Lakes)

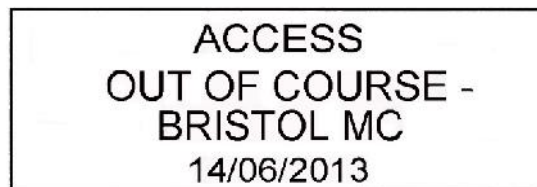

M 81 Continued until at least July 2016 at Edinburgh probably finished at the end of March 2014 when second class postage increased to 53p.

Add:

Do not Surcharge Revenue Protection London Central
 M 85 last used 1 May 2012

This slogan was found in an SCM machine which came into the BPMA (British Postal Museum & Archive). The town die was Mount Pleasant P and dated 1 May 2012. It had obviously been used because of the ink on the die; no image is available at present.

It is not known whether the 1 May 2012 date is significant, neither M82 nor M83 have been seen since that date.

Type M86

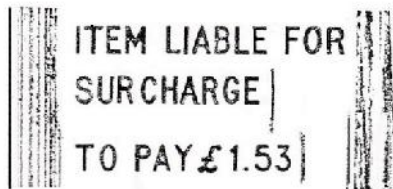

Access out of course Bristol MC M86
 M 86I Used in an IMP on C9 mail 'Received Out of Course' at Bristol (see P70 *Slogan Postmarks 2000 to 2012*). Initially used from Dec 2012 without a date - the date was added from about 10 June 2013.

2013-2014

Cleared by
 Revenue Protection
 DO NOT SURCHARGE
 South Midlands Mail Centre

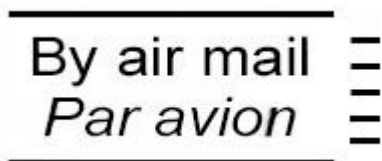

Type M87

Cleared by Revenue Protection M87
 M 87iL 11 May 2013 but no datestamp
 Used in error in an iLSM at Northampton (South Midlands Mail Centre). A trial was carried out printing inkjet Revenue Protection messages; they should have only been used on test mail but in error this one was applied to some live second class mail. There is no block quality mark, the date has been worked out from the coding bars.

Type M88

Item liable for surcharge to pay £1.53 M88
M 88 16 July 2014 seen but probably used from April 2014 until
March 2015 while second class postage was 53p.
Used in black ink at Glasgow.

The above slogan was used transposed on mail handed in during a Postal Mechanisation Study Circle visit to London FS in late October 1988. Although there was a German address on the cover, there was no Air Mail label and it carried normal 1st class postage. The datestamp was a London FS handstamp. There have been no reports of the slogan being used on commercial mail. Airmail slogans were used from the mid 1990s (see M61 etc in *Slogan Postmarks of the Nineties Part 2*).

EXCEPTIONAL USES

Amendments/additions to lists shown in *Collecting Slogan Postmarks* and other volumes in the *Slogan Postmarks of the UK* series:

- E 19 Add London FS M seen 9 Oct 1959
- E 427 Probably ended early Dec 2013 when Christmas slogan started; presumably not used after that as wavy lines seen in Jan 2014

Add:

- Voters Lists 98A
EA25 Used with Stockport B town die 8 March 1961.
Used only with the A die at the correct time in late 1960; Stockport B was recorded with the Christmas Candle slogan in December.

FORCES MAIL

Amendment to *Collecting Slogan Postmarks*:
Type F3 **Add** Bristol 1938
Only one copy recorded, used 12 July 1938 with Bristol C town die

MARITIME SLOGANS

GUERNSEY SLOGANS

Guernsey Post installed two new Siemens sorting machines in 2014 replacing the old one (see Type G59). Testing was undertaken using real mail in March. The slogans used so far are shown below but it is unclear whether both machines use the same slogan on a given day. A Postage Paid slogan has also been seen. All are used with a 'Guernsey Post' town die of 32mm diameter; the previous machine's town die was 28mm.

The timing of the introduction of the various slogans is unknown at present so the order of the listings may change in the future. I am grateful to Guernsey Post for making these illustrations available.

Amendments/additions to lists shown in *Collecting Slogan Postmarks* and other volumes in the *Slogan Postmarks of the UK* series:

G9t Seen used 21 Nov 1973
 G70t ended at some time in 2014 when the original Siemens machine was decommissioned, latest seen 30 July 2014, but was used during Dec 2014.
 Also seen 10 May 2016 with the 28mm town die

In addition the Love stamps slogan (illustrated in 2015 list) was reported used by Guernsey PO but only the older version Type G63 has been seen in 2016.

Also a revised version of Type G59 (see below) without the symbol but adding the website was shown in the PO listing. This is presumably a 'filler' slogan but none has been reported.

From now on, I am not allocating numbers to the slogans. Very few have been seen on live mail. Some slogans not included in Guernsey Post's list have been seen and in some cases the designs, from Guernsey Post, which I have not included here, are different from the ones actually used.

This is really a record in the hope further reports and information will be forthcoming.

According to Guernsey Post the following slogans continue to be used each year:

Type G59	Please use Post Code
Type G60	Guernsey Post
Type G63	Love Stamps
Type G67	Happy Christmas (seen ?20 Dec 2017) although listed as Merry Christmas
Type G68	Happy New Year
Type G70	Valentine's Day (13 Feb 2017 seen)
Type G72/80	Mother's Day
Type G73	Happy Easter
Type G84	BATIF- Commission Free currency
Type G86	Post early for Christmas

In addition Type G66 Season's Greetings has been seen on 4 and 7 Dec 2017

It is not clear if the designs have changed from those types shown above.
