

SOUTH WESTERN DISTRICT

by J. C. PARMENTER

The South Western District Office was first opened in Little Charlotte Street, Buckingham Gate. The first obliterations were sent out on 14 May 1858. The Suburban Offices started to sort and cancel their own mail in the 1870s and the obliterations used in these offices are the subject of Section K.

The following cancellations are all the types of barred numerals used in the District Office - the numbers beneath each one are the Dubus type numbers by which the catalogue is arranged. Type 12, although clearly of the Suburban Office type, was issued to the District Office and as far as can be ascertained, were used there.

ILLUSTRATIONS

In preparing illustrations for this catalogue, photocopying machines have been used. These almost always reduce the size of the illustration. In some case a figure may have been photocopied several times, in which case it will be visibly smaller than the original.

Many illustrations come from the Proof Books, these can have a different stamp code and an earlier date than the recorded period of use.

DUBUS TYPE 7B

To help collectors in distinguishing between the single and duplex cancellations on stamps I have used all the legible Proof Book impressions that are different from Dubus's illustrations. The Proof Book figures are often slightly smaller than they ought to be. This is due to unavoidable problems in photocopying them for reproduction.

Codes seen:XZ,Z.

23D8A is cancellation number 23 of Dubus type 8 subtype A.

(Dubus fig.33a) is the figure number from Dubus's "London Cancellations"
Oct.1860 is the first Proof Book entry of this cancellation.

(Jan.1861 to Sep.1862) these are the first and last dates of recorded use.

PRICES

These are current for Section J (August 1981)

Rarity A to C...50p to £2 depending on quality

Rarity D to E...£2 to £7 depending on quality

Rarity F to H...£7 to £30 depending on quality

Cancellations that are rare only because of a difference in the stamp code do not attract the prices shown above.

ILLUSTRATIONS

In preparing illustrations for this catalogue,photocopying machines have been used. These almost always reduce the size of the illustration. In some cases a figure may have been photocopied several times,in which case it will be visibly smaller than the original.

Many illustrations come from the Proof Books. These may have different stamp codes and an earlier date than the recorded period of use.
