

SLOGAN POSTMARKS OF THE UK 2019 2019

This is the sixth supplement to the British Postmark Society publication *Slogan Postmarks 2000 to 2012*.

The first five covering the years 2013-14, 2015, 2016, 2017 and 2018 are available to download free from the BPS website:

www.britishpostmarksociety.org.uk

Late uses of slogans have continued to be listed but some are almost definitely Exceptional uses; the decrease in the amount of mail available for inspection has made identifying those uses much harder. I would be grateful to receive photocopies or scans of any date extensions that are found. As mentioned before, some 2nd class mail is processed the day after posting **but** is dated with the day the item was posted which means some slogan usages can appear to overlap. I have not differentiated between dates for 1st and 2nd class mail in this listing.

'I' after an entry number means used with an inkjet printer in an IMP; **'iL'** means used with an inkjet printer in an iLSM.

The iLSM illustrations are for the nine wavy line version used on shallower envelopes unless otherwise stated.

MARITIME SLOGANS

Addition to the listings in *Collecting Slogan Postmarks*

Type F.3

Thanks to Mike Dovey of the TPO & Seapost Society, this cancellation can be pinned down to being used at Southampton, presumably in the early 1960s. This particular slogan die had not been recorded since 1955 and no Southampton mail had previously been reported with the 'Post Office' circular die.

My grateful thanks to Guernsey Post for the illustrations in this section. I am not allocating numbers to the slogans. Very few have been seen on live mail. In the past some slogans not included in Guernsey Post's list have been seen and in some cases the designs, from Guernsey Post, which I have not included here, are different from the ones actually used.

This is really a record in the hope further reports and information will be forthcoming.

Guernsey Post report the following slogan designs from previous years were used in 2019:

JERSEY SLOGANS

Again, my thanks to Malcolm Newton for his information on Jersey slogans. Unlike Guernsey and Isle of Man, I have not been able to get any information from Jersey Post about the slogans used.

Please note this is the listing of the 2018 slogans.

ISLE OF MAN SLOGANS

My grateful thanks to Isle of Man Post Office for the information, including the illustrations, in this section. All dates are the official ones unless otherwise stated. Other slogan designs from previous years have also been seen and are recorded here although inevitably some will be missing. I am also indebted to Mac Jarand for his regular reports which are included in this listing.

Apart from around Christmas, it is not clear which, if any, slogans were used solely on island mail.
