AIR MAIL SERVICES—GENERAL INFORMATION

GENERAL CONDITIONS : The normal regulations governing the make-up and acceptance of various categories of postal packets and parcels apply with equal force to items sent by air. Regulations are set out in detail in the Post Office Guide which may be consulted at any post office.

Air mail label : A blue air mail label, obtainable free of charge at any post office, must be affixed to each air mail item (except letters, letter packets and postcards for Europe) at the top left-hand corner on the address side; alternatively the indication "By Air Mail" may be written boldly in the same position, but the absence of an air mail label may lead to delay.

Air Letters : Air Letters, postage 6d., written on special Air Letter forms, may be sent to all countries. Enclosures are not permitted. The special forms may be obtained at post offices. Privately manufactured forms may be used only if they bear an indication that they have been approved by the Postmaster-General. Forms which do not bear such an indication will be treated as ordinary air mail letters.

Second Class Mail : Printed Papers, Commercial Papers, Samples, Small Packets (to those countries which admit them) may be sent by air to countries outside Europe at the rates shown in col. 4 on pages 2-4; special rates apply to Newspapers and Literature for the Blind—see below. There is a minimum charge of 6d. for Commercial Papers and 10d. for Small Packets. Second class mail items must be clearly superscribed in the upper left-hand corner of the cover, below the air mail label, for the particular service intended. Such items must not contain anything in the nature of a current letter and **must not be sealed against inspection.**

Newspapers : Publications registered as newspapers at the G.P.O.—and these items only—may be sent at the special rates of postage for newspapers shown on pages 2-4. Such items must be clearly superscribed "Newspapers" below the air mail label.

Literature for the Blind : This may be sent by air mail to countries outside Europe at the special standard postage rate of 3d. for each 2 oz.

NOTE : There is no Second Class air mail service to European countries. When it is desired that items normally transmissible as Small Packets, Printed Papers, Commercial Papers or Samples should be despatched by air (when this will offer earlier delivery) they must be sent as letters. Packets containing Literature for the Blind for which no postage has been prepaid are eligible for air conveyance provided that they do not exceed 2 lb. in weight. The air mail label is not used in the service to Europe.

Insured Letters and Boxes : Insured letters and boxes may be sent by air mail to those countries outside Europe against which an indication appears in col. 6 on pages 2-4. The normal

insurance fees are payable in addition to the letter rate in the case of insured letters, and in addition to the class air postage rate in the case of insured boxes. Boxes are subject to the minimum charge of 1s. in insurance fee. Insured letters are sent by air to those countries in Europe which admit them where this will expedite delivery.

Air Parcels : Air Parcels may be sent by air at the rates indicated in col. 5, pages 2-4 (countries outside Europe) and on page 5 (Europe). Where no postage rate is shown on pages 2-4 there is no service at present. The same special services as for surface parcels are available except that parcels can be accepted for insurance only to those countries in col. 1 on page 5. A blue air mail label must be affixed to the address (or to each address if the parcel is sent to more than one place), to the relative despatch note if applicable and to the trade charge card for C.O.D. parcels. In addition the acceleration afforded by air conveyance, air parcels usually given speedy customs clearance abroad. The information given in cols. 7 and 8 on pages 2-4 is not applicable to parcels.

Posting Times : The times of posting shown in this section are those applicable to unregistered correspondence posted at the London Chief Office, King Edward St., E.C.1, and are related to the despatch of the mails. The latest posting times elsewhere can be ascertained by inquiry at the local Branch post office. These times are generally earlier than the London Chief Office times but exceptionally the times for Glasgow and Manchester may be later for Canada, Newfoundland, U.S.A., Alaska, Hawaii, Mexico and St. Pierre and Miquelon.

Times of Transmission : A guide to the times of transmission of letter mails sent by air to the principal cities of countries outside Europe is given in col. 8 on pages 2-4. This information is not applicable to air parcels, but in most cases col. 8 gives some guidance to the likely transmission times. The times are calculated from the time of posting at London Chief Office. The times shown do not allow for intervals between arrival and delivery in the country of destination. No guarantee can be given that the times shown will invariably be achieved.

Services to H.M. Forces : Special air mail rates, particulars of which are given in a leaflet (PL89) obtainable at all post offices, apply to correspondence for members of H.M. Forces overseas. Particulars of Air Parcel rates are given in the Post Office Guide.
