AIR MAIL

The normal regulations for make-up and acceptance of postal packets and parcels apply to air mail. The Post Office Guide, which may be consulted at any post office, details the regulations.

Air Mail label: Free at any post office. You must put a label on all air mail at the top left-hand corner on the address side except on letters, letter packets and postcards to Europe and places to which the European rates apply. You may write "By Air Mail" boldly in the same place, as the label is more likely to catch the sorter's eye.

Air Letters, postage 6d., on special Air Letter forms, may be sent to all countries. Enclosures are not permitted. You may get the special forms at post offices or use privately-manufactured forms which bear a statement that they have been approved by the Postmaster General, with the approval number. Unapproved forms will be treated as ordinary air mail letters.

Second Class Mail: Printed Papers, Commercial Papers, Samples, Small Packets (to countries which admit them) and Newspapers may be sent by air to countries **outside Europe.** You must write the service you intend below the air mail label, or rates see pages 2-5. Minimum charge for Commercial Papers, 6d.; for Small Packets, 10d. The special rates for Newspapers apply only to publications registered as newspapers at the G.P.O. Write "Newspapers" below the air mail label.

Literature for the Blind may go by air mail to all countries outside Europe at 3d. for each 2 oz.

Second class mail **must not be sealed,** or contain anything of the nature of a current letter.

NOTE: There is no Second Class air mail in the European countries. Printed Papers, Commercial Papers, Samples, Small Packets or Newspapers must be sent as letters if you are sent by air transmission. Literature for the Blind is sent by air to European countries, free of postage up to 2 lb.

Insured Letters and Boxes may be sent by air mail to

many countries outside Europe (see pages 2-5). Normal insurance fees are payable besides the air postage rate. Minimum charge for Insured boxes: 1s. 8d. plus the insurance fee. Insured letters to countries in Europe which admit them go by air when it will give quicker delivery.

Air Parcels may be sent by air at the rates on pages 2-5 and on page 6 (Europe). Where no rate is shown there is no service at present. Supplemental services as for ordinary parcels are available except that air parcels can be accepted for insurance to certain countries only (see pages 2-5). You must put a blue air mail label close to the address (each address if the parcel is addressed in more than one place), on the despatch-note if one is used, and on the trade charge card for C.O.D. parcels. Air parcels are usually given speedy customs clearance abroad.

Posting Times in this leaflet apply to unregistered mail (but not parcels) posted at the London Chief Office, King Edward Street, E.C.1. Latest posting times elsewhere can be ascertained at the Head or Branch post office. They are generally earlier than the London Chief Office times, but at Glasgow and Manchester may be later for some western destinations.

Transit Times: Pages 2-5 give a guide to times of transit of air mail letters to principal cities. The times do not apply to air parcels, but still give some guide. The times are calculated from the time of posting at London Chief Office. They do not allow for intervals between arrival and delivery in the country of destination and they are not guaranteed.

H.M. Forces: Special air mail rates—particulars in a leaflet (PL89) obtainable at post offices—apply to correspondence for H.M. forces (but not Merchant Navy). For Air Parcel rates see the Post Office Guide or ask at a post office.

Information in this leaflet is correct on the first of the month. Air Mail services are liable to alterations, but between monthly issues of the leaflet any post office will give particulars of important changes. Your Head Postmaster will supply leaflets free if you give him a standing order.
